

CUMULATIVE INDEX 2001

Volume 20

January	ARTHROSCOPIC SURGERY FOR ATHLETIC ELBOW AND WRIST INJURIES, pages 1-222
April	OSTEOCHONDRAL INJURIES, pages 223-422
July	OVERUSE TENDON INJURIES IN THE UPPER EXTREMITY, pages 423-645
October	HIP ARTHROSCOPY, pages 647-863

Note: Page numbers of article titles are in **boldface** type

- Acetabulum, anatomy of, 817-818
- arthroscopic view of, 743
- Acromion, anatomy of, 492-493
- Adductor longus muscle, avulsion of, imaging of, 678-681
- Adolescent athlete, and pediatric athlete, arthroscopy of hip in, **763-778**
- Adult athletes, pain in hip of, 648
- Adults, hip of, imaging of, current concepts in, **661-696**
- Agarose, for cartilage regeneration, 232-233
- Allen's test, digital, 609
- Allografting, fresh osteochondral, in osteochondritis dissecans, 330-331
- Anabolic steroids, abuse of, in strength training, 488
- Anesthesia, for hip arthroscopy, 708
- Angiofibroblastic hyperplasia, 543
- Ankle, lesions of, 305-310
 - osteochondral injuries of, history of, 282-283
 - physical examination in, 283
- Anterior interosseous nerve palsy, 114-115, 116
- Anterior interosseous syndrome, 207-208
- Antivibratory glove, 608, 609
- Arthritis, degenerate, associated with complete rupture of ligamentum teres, 798
 - degenerative, as indication for hip arthroscopy, 705
 - septic, of hip, imaging of, 691, 693
- Arthrofibrosis, and complications in arthroscopy of elbow, **123-129**
 - of elbow, 123-124
- Arthrography, computed tomographic, of adult hip, 665-666, 667
 - hip, conventional, joint aspiration, and injection, of adult hip, 662-663
 - in biceps tendinitis, 517
 - in impingement syndrome, 499
 - magnetic resonance, in osteochondral injuries, 258-262
 - of adult hip, 668-671
- Arthropathy, in osteochondritis dissecans, 334-335
- Arthroplasty, periosteal, in osteochondral injuries, clinical experience with, 379-381
 - future challenges in, 396
 - indications for, 380-381
 - postoperative treatment in, 386-388
 - surgery in, fixation of periosteal graft for, 384-387
 - harvesting of periosteal graft for, 381, 382-383
 - preparation of defect for, 381-383
 - total, of hip, arthroscopy following, 707
- Arthroscopes, video-articulated, for hip arthroscopy, 712
- Arthroscopic capsulodesis, of lunotriquetral joint, **141-153**
- Arthroscopic surgery, for athletic elbow and wrist injuries, **1-217**
 - for stabilization of lunotriquetral joint, 143-148
 - in flexion contracture of elbow, 124-129
 - in posterior impingement of elbow, **11-24**

- Arthroscopic surgery (*Continued*)
 in posterolateral rotatory instability of elbow, 55-57
- Arthroscopy, diagnostic, in scapholunate interosseus ligament injury, 135
 in lateral epicondylitis, 558-559
 of elbow, complications of, arthrofibrosis and, 123-129
 of hip. See *Hip, arthroscopy of*.
 shoulder, in biceps tendinitis, 519-520
- Articular cartilage, anatomy and histology of, 300-301
 healing of, biology of, 404
 strategies for, 233-238
 healing potential of, ex-vivo manipulations of, 228
 in knee, detection of injury of, 249
 inability to regenerate, 225-226
 injury to, repair of, 301-302
 mechanism of injury in, 301
 metabolically active nature of, 343
 of knee, lesions of, causes of, 403
 incidence of, 403
 pathophysiology of, clinical concepts in, 404-405
 regeneration of, 403-404
 repair of, basic science of, 223-247
 evaluation of quality of, 227-228
 natural scaffolds for, 229
 structure-function characteristics of, 224-225
 surface of, analysis of, 350
- Avascular necrosis, as indication for hip arthroscopy, 706
- Axillary nerve, anatomy of, 103
 injury to, 103-105
- Baseball, overuse injuries of upper extremity in, 453-468
- Baseball pitch, biomechanics of, 453
 five phases of, 453-455
- Baseball players, shoulder injuries in, 455-462
- Biceps instability test, 516
- Biceps tendinitis and subluxation, rehabilitation in, 625-626
- Biceps tendon, anatomy of, 507-508
 disorders of, classification of, 511
 clinical presentation of, 515-520
 history taking in, 515
 nonoperative treatment of, 520-521
 operative treatment of, 521-523
 physical examination of, 515-517
 radiographic evaluation of, 517-520
 inflammatory lesions of, 511-512
 instability of, treatment of, 521, 523
 long head of, function of, 508-511
 restraints of, 507-508
 rupture of, treatment of, 523-524
 pathophysiology of, 511-514
 rupture of, treatment of, 521
- tendinitis and subluxation of, 505-529
 historical review of, 506-507
 terminology associated with, 505-506
- tendinitis of, secondary to instability of, 512
 traumatic lesion of, 513-514
- Bicipital tendinitis, treatment of, 520-521
- Bioreactors, mechanical environment for, for cartilage healing, 239-240
- Bone, physiology of, 613-614
 subchondral, restoration of, by periosteum, 390-391
- Bone bruises, osteochondral injuries associated with, 346-347
- Bone contusion, magnetic resonance imaging in, 251-257
- Bone marrow, transient edema of, imaging of, 688
- Bone morphogenetic proteins, to heal articular cartilage, 235-236
- Bowler's thumb, 213, 605, 606
- Brachial plexus, anatomy of, 95-96
 injuries of, 96-98
- Burner syndrome, 96-98
- Bursectomy, in impingement syndrome, 501
- Bursitis, iliopsoas, imaging of, 691, 692
 subacromial, 495
- Bursography, iliopsoas, of adult hip, 664
- Cannulas, for hip arthroscopy, 712, 713, 714
- Capitate fractures, 180-182, 183
- Capsulorrhaphy, arthroscopic thermal, in hip, capsular shrinkage in, scientific basis for, 827
 in deficient labrum, 824-827
 role of, 817-829
- Carpal fracture(s), in athletes, 167-188
- Carpal tunnel syndrome, 115, 601-603
 causes of, 208-209
 diagnosis of, 209
 rehabilitation and supportive devices in, 626-628
 treatment of, 115, 209, 210
- Cartilage, articular. See *Articular cartilage*.
 media composition for generation of, to heal articular cartilage, 235
 production of, by periosteum, technical factors affecting, 391-395
- Cartilage healing studies, assessment of, 242
- Cells, and bioactive agents, to heal articular cartilage, 233
 appropriate types of, to heal articular cartilage, 238-239

- seeding density of, to heal articular cartilage, 235
- Cheiralgia paresthetica, 212
- Children, as athletes. *See Adolescent athlete; Pediatric athlete(s).*
- Chitsan, for cartilage regeneration, 231
- Chondral injury(ies), and osteochondral injuries, diagnosis and management of, 299-320
- as indication for hip arthroscopy, 706, 812
- Grade IV, 812-813
- Chondral transplants, and osteochondral transplants, in osteochondral lesions, 313-317
- Chondrocyte implantation, autologous, 417, 418
- Chondrocyte transplant, autogenous, in osteochondral lesions, 315-317
- autologous, in osteochondritis dissecans, 332
- Chondrocytes, to heal articular cartilage, 233
- Chondrogenic tissue, periosteum as, rationale for, 388-391
- Chondroplasty, abrasion, and microfracture, in osteochondritis dissecans, 327-330
- microfracture, in osteochondral injuries of knee, 368
- Clavicle, stress fractures of, 618
- Collagen, and cells, for cartilage regeneration, 230
- and hyaluronan, for cartilage regeneration, 230-231
- for cartilage regeneration, 229-230
- in hip capsule, arthroscopic thermal modification of, 828
- Compartment syndrome, exertional, 600
- of forearm, associated with strength training, 486
- Compression syndromes, of ulnar nerve, at wrist, 209-211
- Computed tomography, in osteochondral injuries, 257
- of adult hip, 665, 666
- Computed tomography arthrography, of adult hip, 665-666, 667
- Constructs, intermediate, for cartilage healing, 240-241
- Copper bracelet, 635
- Coronoid fracture, 70-73
- Corticosteroids, for swimmers with shoulder pain, 432
- Counterforce bracing, in cubital tunnel syndrome, 631
- Cubital tunnel syndrome, 107-110
- and medial epicondylitis, in throwing athlete, 541-548
- presentation of, 544
- rehabilitation and supportive devices in, 629-630
- treatment of, 545-547
- DeAnquin test, 516
- Decompression, subacromial, in impingement syndrome, 500-501
- DeQuervain's tenosynovitis, 593
- in golfers, 475
- in tennis players, 446
- Digital ischemia, 608-610
- Digital nerve, compression of, 212-214
- Digital neuroma, 212-214
- Digital neuropathy, 605-606
- Disk-carpal ligament, anatomy of, 142
- Dislocation(s), of elbow, complex, 68
- rehabilitation following, 74, 75
- results of treatment of, 74
- mechanism of injury in, 61, 62, 63, 64
- simple, management of, 61-65
- results of treatment of, 73-74
- Distal biceps tendon, rupture of, in strength training, 486
- Distal posterior interosseous nerve syndrome, 211-212
- Distraction techniques, in rehabilitation of hip, 842
- Eccentric exercises, for posterior cuff musculature, 625, 626
- Eden-Lange procedure, in spinal accessory nerve injury, 99
- Elbow, acute lateral collateral ligament avulsions at, repair of, 65-66
- acute medial collateral ligament avulsions at, repair of, 66-68
- anatomy of, 59-60, 61, 80, 549-551
- and wrist, and hand, nerve injuries of, in athletes, 203-217
- athletic injuries of, arthroscopic surgery for, 1-217
- arthrofibrosis of, 123-124
- arthroscopy of, complications of, arthrofibrosis and, 123-129
- biomechanics of, 49
- clinical anatomy of, 26-27
- dislocations of, complex, 68
- rehabilitation following, 74, 75
- results of treatment of, 74
- mechanism of injury in, 61, 62, 63, 64
- simple, management of, 61-65
- results of treatment of, 73-74
- flexion contracture of, arthroscopy in, complications of, 128-129
- indications for, 124
- postoperative management following, 127

Elbow (*Continued*)

- results of, 127-128
- surgical technique for, 124-127
- treatment of, indications for, 124
- fracture dislocations of, 59-76
- functional anatomy of, 27-28
- injuries of, associated with strength training, 485-486
- in baseball players, 462-465
- in golf, 476-477
- in tennis players, 445-446
- intermediate structures of, 532
- median nerve of, injuries of, 206-208
- musculocutaneous nerve of, injuries of, 205-206
- nerve injuries of, 204-208
- osteochondral injuries of, 283-284
- osteochondritis dissecans of, 1-9
- posterior impingement of, 465
 - arthroscopic treatment of, 11-24, 17-21
 - rehabilitation after, 21-22
 - results of, 22
 - technique for, 19-21
 - imaging in, 15
 - management of, nonoperative, 16-17
 - patient evaluation in, 12-15
- posterolateral rotatory instability of, 47-58
 - arthroscopic surgical technique in, 55-57
 - diagnosis of, 50-53
 - diagnostic arthroscopy in, 53
 - history of, 47-48
 - history taking in, 50
 - open surgical treatment in, 54-55
 - pathoanatomy of, 49-50
 - physical examination in, 51
 - posterolateral rotatory instability test in, 51, 52
 - radiology in, 53
 - tests in, 51-52
 - treatment of, 53-57
- radial head and capitellum of, anatomic relationship of, 67
- radial nerve of, injuries of, 208
- stability of, normal anatomy of, 48, 49
- stiff, causes of, 123-124
- superficial structures of, 531, 532
- throwing and, 28
- valgus instability of, history taking in, 29
 - imaging studies in, 31-32
 - in athletes, 25-45
 - nonoperative treatment in, 32-33
 - physical examination in, 29-31
 - reconstruction in, complications of, 42-43
 - indications for, 33
 - operative technique for, 33-34
 - postoperative management in, 39-42

preferred method of, 34-39, 40, 41

results of, 42

- Elbow brace, 629-630
- Elbow sleeve, padded, 629
- Endurance training, in swimmers, 429
- Epicondylitis, and neuritis,
 - pathophysiology of, 543
- biomechanics of, 79-80
- diagnosis of, 81
- epidemiology of, 79
- etiology of, 77-79
- history of, 77
- in athlete, 77-93
- lateral, 445, 549-563
 - adjunctive therapy in, 556-557
 - arthroscopy in, 90-91
 - results of, 91
 - technique of, 91
 - causes of, 551
 - diagnosis of, 81-82, 552-554
 - differential diagnosis of, 552
 - epidemiology of, 551
 - etiology of, 78
 - in golfer, 476
 - treatment of, 476-477
 - management of, 630-632
 - pathologic changes in, 549
 - pathophysiology of, 551-552
 - physical findings in, 445
 - surgical technique in, 559-561
 - surgical treatment of, 86-88
 - results of, 89-90
 - treatment of, 445-446
 - nonoperative, 554-556
 - operative, 557-561
- medial, and cubital tunnel syndrome, in throwing athlete, 541-548
 - diagnosis of, 83
 - in golfer, 476
 - treatment of, 476-477
 - in tennis player, 446
 - presentation of, 543-544
 - surgical treatment of, 88, 89
 - results of, 90
- pathophysiology of, 81
- postoperative care in, 88
- treatment of, nonsurgical, 83-86
 - surgical, history of, 86
 - indications for, 86
- Essex-Lopresti fracture, 190
- Exercise(s), for swimmers with shoulder pain, 432
 - in rehabilitation of hip, 841-843, 844, 848-850
- Pilates, 843
- Theraband, 848
- to reduce risk of golf injury, 477-478
- Extensor carpi ulnaris tendinitis, 595-598
- Faber test, 654-655

- Femoral condyle(s), lateral, microfracture techniques in, 371
 medial, microfracture techniques in, 370
 osteochondral lesions of, 262
- Femoral head, avascular necrosis of, following hip arthroscopy, 833-834
 scuffing of, in hip arthroscopy, 833-834
- Femoral neck, and pelvis, stress fractures of, imaging of, 681-682
- Fibrin glue, for cartilage regeneration, 232
- Flexor carpi radialis tendinitis, 598-599
- Flexor carpi ulnar-pisotriquetral disorders, 599
- Flexor-pronator tendinitis, 463
- Focal dystonia syndrome, 600
- Forearm, injuries of, associated with strength training, 486-487
 fractures of radius or ulna in, 190
- Fracture(s), carpal, in athletes, **167-188**
 coronoid, 70-73
 hook of hamate, 112, 113
 of capitate, 180-182, 183
 of lunate, 182-185
 of radial head. *See Radial head, fracture(s) of.*
 of radius, **189-201**
 of trapezium, 179-180
 of trapezoid, 180
 olecranon, 73
 pisiform, 178-179
 scaphoid. *See Scaphoid fractures.*
 triquetral, 177-178
- Fracture dislocations, of elbow, **59-76**
- Froment's sign, 603, 604
- Gait, normal, hip motion for, 838
- Galeazzi fracture, 190
- Gene therapy, and osteochondral injuries of knee, 407-409
- Genetic engineering, in osteochondral injuries of knee, **403-416**
- Glenohumeral joint, increased motion of, in swimmers, 425-426
 instability of, in rotator cuff tendon injury, 496
 physical examination in, 458-459
 radiographs in, 460
 stabilization of shoulder in, 460
 testing for, 443
 treatment of, results of, 461
- Golf, elbow injuries in, 476-477
 hand and wrist injuries in, 474
 overuse injuries of upper extremity in, 469
 causes of, 469, 470
 frequency of, 469, 470
 prevention of, 477-478
 shoulder injuries in, 477
- Golf swing, biomechanics of, 471-474
 follow-through in, 473-474
 impact in, 472-473
 pelvic rotation during, 825
 take away in, 471, 472
- Growth factors, and osteochondral injuries of knee, 405-407
 fibroblast, to heal articular cartilage, 235
 optimal use of, 239
 periosteum in production of, 388-389
- Guyon canal syndrome, 603-605
- Hamate, body of, fractures of, 177
- Hamate hook, anatomy of, 173
 fracture(s) of, 112, 113, 173-175
 diagnosis of, 175-176, 475
 in golfer, 475
 in tennis players, 447
 management of, 176-177
 treatment of, 475-476
- Hand, and wrist, overuse syndromes of, **591-611**, 634-635
 rehabilitation and supportive devices in, 634-635
 tenosynovitis of, 591-593
 in specific syndromes, 593-600
 injuries of, associated with strength training, 486-487
 in golf, 474
 wrist, and elbow, nerve injuries of, in athletes, **203-217**
- Handgrip dynamometer, 553
- Harris Hip Score system, modified, for hip arthroscopy, 750, 751, 824
- Hip, adult, imaging of, current concepts in, **661-696**
 imaging features in common disorders, 671-692, 693
 modalities in, and diagnostic procedures, 661-671
 anatomy of, 817-819
 arthroscopic anatomy of, 742-744, 745
 arthroscopic thermal capsulorrhaphy in, role of, 817-829
 arthroscopy of, **647-850**
 anatomy and portals for, **697-702**
 anesthesia for, 708
 anterior portal for, 699, 715-718, 719
 anterolateral portal for, 697-698, 699, 700, 718-720
 avascular necrosis of femoral head following, 833-834
 complications of, 728, **831-835**
 causes of, 831
 classification of, 834
 examples of, 832
 materials and methods influencing, 832-833

Hip (Continued)

- traction and, 834
- contraindications to, 708
- early results of, 823-824
- equipment for, 710-715
- following total arthroplasty, 707
- general set-up for, 708-715
- in adolescent and pediatric athlete, 763-778
 - case examples of, 773-775
 - experience with, 770-775
 - history and physical examination for, 768-770
 - indications for, 766
 - position for, 770, 771
 - safety of, 775-776
- in athletes, 749-761
 - diagnoses for, 753
 - diagnoses prior to, 757
 - discussion of, 757-760
 - procedures performed in, 754
 - results of, 752-757
 - sports associated with, 754
 - variables studied for, 750, 751
- in athletic hip injury, 657-658
- in lateral impact injury, 801-802
 - results of, 809-812
- in pediatric athlete, 768
 - anatomic diagnosis for, 764
- in supine position, 703-731
 - indications for, 703-708
 - lateral approach to, 733-747
 - ligamentum teres and, 798
 - modified Harris Hip Score system for, 750, 751, 824
 - nerve injuries following, 833
 - operative room setup for, 733-734, 735
 - patient positioning for, 709-710, 710-712, 711, 734-736
 - portals for, 697-700, 715-721
 - posterolateral portal for, 700, 721, 722
 - postoperative care following, 727-728
 - rehabilitation following. *See Hip, rehabilitation of.*
 - scuffing of femoral head in, 833
 - surgical procedure for, 721-727, 734-742
 - with other procedures, 708
- athletic injury of, assessment of, 647-659
- bursa of, inflammation of, imaging of, 691, 692
- clinical assessment of, 840
- forces on, during athletic maneuvers, 838
- instability of, anatomic factors in, 817
 - as indication for arthroscopy, 707
 - atraumatic, 821-822
 - clinical presentation of, 819-821
 - disorders displaying, 828
 - following treatment of piriformis syndrome, 823
 - in professional athletes, 825
 - joint laxity in, 820
 - traumatic, 822-823
- intraarticular loose bodies in, 803-808, 813-814
- lateral impact injury to, case examples of, 802, 803-809, 810
 - hip arthroscopy in, 801-802
 - results of, 809-812
 - mechanism of, 802
 - occult hip pathology in, 801-815
- loose bodies in, as indication for arthroscopy, 704
- multidirectional mobility allowed by, 838
- pain in, assessment of, 648-658
 - diagnostic imaging in, 652
 - etiology of, 647-648
 - history taking in, 648-649
 - in adult athletes, 648
 - in pediatric athletes, 648, 763
 - physical examination in, 649-652
 - range of motion assessment in, 650-651
 - unresolved, as indication for arthroscopy, 708
- painful, compensatory movements in, 838, 839
- rehabilitation of, 837-850
 - core stabilization in, 843
 - distraction techniques in, 842
 - exercises in, 841-843, 844, 848-850
 - functional progression of, 843-844
 - manual mobilization techniques in, 842
 - neuromotor control in, 842-844
 - patient education for, 841
 - Pilates exercises in, 843
 - postoperative, protocol for, 845-847
 - proprioceptive training in, 842
 - treatment plan for, 840
 - weightbearing and, 841
- soft tissues of, problems of, 840
- specific pathology of, tests for, 652, 653
- total arthroplasty of, arthroscopy following, 707
- trauma to, imaging of, 676-681
- Hip joint, arthroscopic anatomy of, 700-702
- sepsis of, as indication for arthroscopy, 707
- Humeral capitellum, osteochondritis dissecans. *See Osteochondritis dissecans, of humeral capitellum.*
- Humerus, ossification centers of, 571, 572
- osteochondral lesions of, 263-264
- stress fractures of, 617
- Hyaline injuries, treatment of, 417
- Hyaluronan, collagen and, for cartilage regeneration, 231

- Hypothenar hammer syndrome, 112, 606-608, 609
- Iliopsoas bursography, of adult hip, 664
- Iliopsoas tendon snapping syndrome, 664
imaging of, 688-691
- Imaging, features of, in imaging of adult hip, 671-692, 693
- in impingement syndrome, 498-500

- Ulna, periostitis of, associated with strength training, 486
- shaft of, fractures of, 190
- shortening of, in ulnar abutment syndrome, 163-164
- Ulnar abutment syndrome, arthroscopically assisted ulnar shortening in, 163-164
- Ulnar collateral ligament, anatomy of, 463
- pain in, 463-464
- radiologic work-up in, 464
- reconstruction of, 464
- Ulnar nerve, anatomy of, 106-107
- at wrist, 111

- compression syndromes of, at wrist, 209-211
- injuries of, 107-110
 - at elbow, 204-205
 - at wrist, 111-112, 209-211
- Ulnar neuropathy, 603-605
- Ulnar tunnel syndrome, 111-112
- Ultrasonography, in athletic hip injury, 656
- in biceps tendinitis, 517-519
- Upper extremity, injuries in, associated with strength training, 481-490
 - overuse tendon injuries of, 423-639
 - in swimming, 423-438
 - in tennis players, 439-451
- Valgus overload, problems associated with, 541-542
- Valgus overload syndromes, rehabilitative management of, 632-633
- Vascular syndromes, overuse, 606-610
- Wartenberg's syndrome, 212, 605
- Weightlifter's shoulder, 482
- Wrist, anatomy of, 191
 - elbow and, and hand, nerve injuries of, in athletes, 203-217
 - athletic injuries of, arthroscopic surgery for, 1-217
 - hand and, overuse syndromes of, 591-611, 634-635
 - rehabilitation and supportive devices in, 634-635
 - tenosynovitis of, 591-593
 - in specific syndromes, 593-600
 - injuries of, associated with strength training, 486-487
 - in golf, 474
 - median nerve of, injuries of, 208-209
 - overuse injuries of, in tennis players, 446-447
 - physical examination of, 446
 - radial nerve compression at, 605
 - radial nerve of, injuries of, 212
 - ulnar nerve of, anatomy of, 111
 - injuries of, 209-211
 - ulnar-sided pain in, in tennis players, 447
- Wrist splint, 627, 628
- Yergason test, 443, 515
